

He Received the Paper.

The Caxton Caveat tells of a case occurring at Westbrook, N. Y., wherein a firm of newspaper publishers brought suit and obtained judgment for \$9 and costs on account of subscription charges. The publishers admitted that the party never ordered the paper. The facts were not disputed that when they bought in the list of another paper in the town, this party's name was on that list, but without his orders. The defendant kept on taking the paper and then refused to pay on the ground that he never subscribed. The plaintiffs argued that the general rule of law, that a man must pay for what he receives and uses, applies to newspapers as well as other things, and the court sustained the view.

A Thousand Tongues.

Could not express the rapture of Annie S. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies, and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will everyone who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at P. H. Franklin's Drug Store; every bottle guaranteed.

A Fine Bunch of Mules.

Last Tuesday E. S. Bronson purchased from John M. Cunningham, the finest bunch of mules ever seen in Polk county, and probably as fine a bunch as were ever marketed anywhere by one man. The mules are all three-year-olds and average about sixteen hands in height, none being less than fifteen and a half, and none over sixteen and a half hands. They range in weight from 1150 to 1500 pounds and average about 1300 pounds. Bolivar Free-Press.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at P. H. Franklin's drug store.

Nelson Hotel Looted.

Some slick thief went through the hotel here last Saturday night, and

while the occupants were wrapt in slumber purloined two gold watches and a silver watch with chains, belonging to the Misses Kemp, \$8.00 in money from Mr. Nev. Ireland and about \$2.00 from Mr. Kemp, the proprietor of the hotel. Mr. Kemp says the outside doors were locked, as were also the doors to the rooms, except his and Mr. Ireland's, and it must have taken pretty smooth work to go through and take the property as it was done. But one stranger was lodged in the building, and, from the fact that he and his partner, who was at Blackwater, had been shown all the rooms the day before, to select one from, suspicion naturally fell on him. He submitted to his grips being searched, but nothing was found giving a clue. Nelson Time Card.

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.
